Aaron:

I think you should go, if you have the time to allow for it. I do not think your involvement will be a distraction.

John

Since this seems more like a technical meeting, not a legal one, Rich will likely not be attending. As far as my attendance, if you'd like me to be there I'll go....but we should talk first as my presence may be a distraction, I'm not sure. Give me a call when you get a chance so we can discuss. Thanks, Aaron

Aaron:

Attached is an advance copy of the assessment report. You will receive the document under formal transmittal lat this week or early next week for review and comment as Tetra Tech will distribute under BIA cover letter probably on Friday. If you have any initial comments, let me know. Are you and Rich planning to attend the meeting on April 10<sup>th</sup> at 2:00 p.m., and will you and/or Rich want to be on the agenda?

Thanks,

John

John,

Please find attached the Draft Planning Document for the Pineview Estates Wastewater System and Drinking Water System Assessment, Findings, and Alternatives project for your review.

I will give you a call in the office to discuss your desired distribution method to all stakeholders and time/location of the April 9 meeting.

Thanks,  
Adam
